Standard

Messrs Anker Jensen, Elmer Rasmussen and Leo Jensen were weekend guests at the home of Mr. and Mrs. J. P. Pringle, of Lacombe, Alta., recently.

Monday's train from Calgary was twelve and a half hours late owing to the heavy snowstorm on that day. It arrived at 3:30 a.m. Tuesday morning with the following passengers for Standard: Mr. and Mrs. Fred Christensen, Mrs. O. P. Larson, Miss Etha Larsen and Mr. Elmer Rasmussen.

The U.P.W.A. Standard held their annual dance in the S. & S. Hall last Wednesday night, with the Chancellor orchestra in attendance. Owing to the severe weather prevailing that night, the usual large crowd were not present, but those who were there reported a very pleasant and enjoyable time.

Mr. Nels Jensen was a passenger to Calgary on Saturday's train. Mrs. Jensen will remain in Calgary for the next two weeks with Mr. Jensen, who is taking electrical treatments there.

A STRATHMORE MEN IS PRIDE OF PEN

"The other day the 'Albertan' devoted considerable space to a description of an alleged large egg laid by a hen in Calgary. The pointed headline, writer of the morning paper even engaged on a little 'jiffy' himself on the strength of the circumstance. Not to be outdone either in guessing or in poetry, Strathmore comes forward with a hen's egg measuring 34 1/2 inches long, by 7 1/2 in circumference."

This monster egg makes the Calgary product look like a pea by comparison. It was laid by a hen belonging to Mr. R. H. Marshall, six miles south of town.

Those who read the 'Albertan' might also compare the headline poetry, and tell us whether the Strathmore effort outshines the Calgary one. We must say, in justification, that we don't make a habit of it, like our Calgary brother scribe.

Namaka

The social put on by the I.O.O.F. on Friday last was a great success. Music for the dance being supplied by Mr. and Mrs. McKinnon, Art Brown, Allan Gibson, and Leonard Allen. Everyone present had a good time, dispersing at 2:30 a.m.

Eleven families of Mennonites are already residing on the Namaka farm. These arrived last week, and are fixing residences for as many more. These people are evidently progressive, as they propose doing mixed farming on a large scale. They shipped in 21 milk cows on Saturday last, and intend milking one hundred head throughout the summer.

A well attended meeting was held here on Saturday last, when farmers of the district discussed forming an egg and butter pool. A representative of the U.F.W.A. was in attendance to instruct them in the organizing of this pool.

Mrs. H. B. Brown arrived from Calgary last week in which city she has been taking treatments. She is improving slowly.

Mrs. S. J. Hedges, who has been taking treatment most of the winter in Calgary, arrived home on Thursday last. She is still very weak.

A very pleasant meeting of the Namaka Ladies Aid was held at the home of Mrs. J. W. McIntosh on Thursday, March 12. Several good recipes were brought in by members. It was decided to have a topic for discussion at the April meeting, namely "Why Go to Church." This should prove very interesting. Birthday gifts boxes will be distributed to those members who were not present at the last meeting. The next meeting will be held on April 8th at the home of Mrs. W. J. McKinnon.

The report that the recent meeting of the Ladies Aid at Mrs. J. McKinnon's took the form of a white drive was incorrect, the word whilst being a typographical error.

Nightingale

A good time was spent at the bath-house on March 6 and the hall being crowded to the limit. Dean's orchestra supplied fine music, and the bachelors must be congratulated on the way they managed the supper. The Married Men returned the bachelors to a dance last Wednesday. Although the weather was not so good, the hall was again crowded. Every bachelor in the district being present, in fact, they had such a good time that the evening was continued till 5 a.m. Deans orchestra sang in attendance. This being the married men's dance, the supper, of course, was A. 1. The dance season here will about close up with the Girls' Concoct Dance this Friday, March 20. Now married ladies, what about it?

The U.F.W.A. will meet at the home of Mrs. Stoodley this Thursday, March 19. We are very sorry to hear that Mrs. Mary Lonsbury is not progressing very favorably. She is now waiting at the Holy Cross Hospital to undergo an operation, following which we hope to hear very much better news of her.

Valley Gardens Community Club met last Friday. It was chiefly a children's night. Some of the children gave a sketch. There were also several talks and recitations.

The demand for soap is increasing. Mrs. Harriman was obliged to visit the dentist last week, and was relieved of some of her molars.

Owing to the successful last Monday, the roads are still very heavy.

Social-Personal

Mr. and Mrs. Tom Glendinning are now located in Strathmore. Mr. Glendinning having received the appointment of resident ditcher. They were given a hearty send-off on leaving the Rockyford district, where Mr. Glendinning was ditcher.

Mr. and Mrs. Arthur Mertens, who formerly owned a farm near Strathmore, and left for Belgium about eighteen months ago, are now back, and may again engage in farming in this vicinity.

Mrs. D. N. Gardner arrived in Strathmore last week, and has now taken up residence with her husband in the house on 3rd Street, formerly occupied by Mr. and Mrs. Venus.

Mr. M. S. Hirtle has been confined to the house for the past week, owing to injury caused by his stepping on a rusty nail.

W. H. Reeves, son of Mr. and Mrs. Jack Reeves, of the C.P.R., has been transferred from the C.P.R. round house at Lethbridge, to Cranbrook, B.C., where he has been appointed boiler inspector.

Miss Helen Case, of California, has been spending a few days with Mrs. L. M. Dewitt, while on her way to Indiana, U.S.A.

Mr. and Mrs. Norman Scheer are rejoicing in the birth of a daughter at the Holy Cross Hospital, Calgary, on March 9th. Mother and child are doing well, and Norman is distributing the cigars.

Mrs. Chas. Allan and Miss Allan visited town last week.

Mr. and Mrs. Vance Todd are residing in the district for a few weeks, after which they will leave for Washington.

Don, to Mr. and Mrs. William Black, well, on Wednesday, March 18th, a son.

Craigantler News

J. K. Crapo has rented his farm and leaves with his family for the States next week.

Mrs. H. H. Ellis arrived back after a holiday of three months with friends in the States.

Mrs. W. Dankwerth can now knit ten pairs of socks per day with her new Auto-Knitter.

We have now got a nice new piano for Craigantler school, and with a teacher who is a musician of the first quality, we are to have some good entertainments. F. Donkerth has kindly donated a horse in aid of the fund.

The St. Patrick's entertainment at the school house was a great success. The children having their Irish pieces off in great style. The teacher, although born on this side of the water, has more to say for Ireland than the native born.

H. H. Ellis is going in for some farming now.

The surprise lately has been at the rate of three a week, and a dance at the Meadowbrook hall on Friday last makes four, and it is beginning to tell on some of our young promoters.

Mr. and Mrs. D. McLean gave a dance at their home on Tuesday of last week, when a large party met Mr. McDonald, of the Lacombe Nursery, in whose honor the dance was arranged. All enjoyed themselves till the wee sma' hours.

Miss Remington, of Calgary, was visiting her uncle and aunt, Mr. and Mrs. Crapo. Miss Remington resided in this district when a small girl, but

OVER SIXTY WAYS
TO SERVE CHEESE

The bachelor's cake, without eggs, was a failure. Mrs. Muir having arrived back in time to condemn it.

St. Sheets is attending all local dances in favour of the local piano fund, and perhaps looking out for something else. It is said that St. is going to be farming on his own behalf this year. There is a house on the site, so he means well.

Mrs. George McLean, of the C.P.R. headquarters, Gleichen, has been visiting with her mother and father, Mr. and Mrs. J. A. Grant.

Quite a number of Craigantler tough-necks attended the dance at the Meadowbrook hall on Friday of last week, and had a great time circling.

The Grant boys rode three of the wildest bucking horses in the Craigantler district one day last week to advertise the piano fund.

That Canada will soon take its place with the nations that have the largest consumers of cheese seems assured considering the steady increase in its consumption in the past few years since the Kraft-McLaren Cheese Company, of Montreal, introduced the five pound box.

The company does not make cheese, therefore, it is not competing with the cheese factories. But it purchases Canadian cheese in enormous quantities, thus keeping the cheese factories busy and adding to their prosperity and that of the farmers.

The company has just issued a beautiful recipe book showing over 60 different ways in which cheese may be served. Many of the dishes are illustrated in natural colors. A copy may be obtained free, on writing to the company in Montreal, mentioning this paper.

READY FOR THE SHEARING

Appearances all point to a good season of wool this summer, and that is what we do think. All that is wanted now is the flock of promoters from the U.S.A. The recent frozied shearing in wheat, oats, land, and other commodities, has nothing except, perhaps, of their edible value, shows that there are many people in this province in the right frame of mind to be separated from their savings.

Those who speculated in the above commodities did so without the assistance of promoters. What can be done with the assistance of oil promoters (those who went through the 1914 boom know only too well).

We have no doubt of the potential oil resources of the province. These are great. But what we do doubt is the necessity of bringing in aliens to assist us to promote oil companies with our own money, and then take both principal and profit back with them, leaving us with the paper and the experience. If we are to develop our speculative resources with our own money, let us do our own promotional work.

We have before us a circular promising us "Tremendous Profits in German Bonds." Many in this province have invested in German bonds. These investors for the most part fail to realize that the Germans are a people of great financial acumen, and if "tremendous profits" are accruing in Germany, these profits will stay there. Furthermore, how is it not to stand reason that a fully exploited country like Germany, hampered moreover by a huge war debt, offers less field for investment or speculation than a country such as our own, which only requires capital and markets to develop its proven immense natural resources.

Show your faith in Alberta by investing your savings here. Every dollar you invest in Alberta in building, or productive enterprises, keeps Albertans at home, increases population, and directly and indirectly makes Alberta a better place for you and others to live in.

Alberta at present is a better investment than any country in the world.
Don't lose your wool to the shearer!

EMPIRE CO-OPERATION

Outsiders are beginning to see the benefit to Empire producers of co-operative pooling of wheat. The "Saturday Evening Post" says editorially: "An excellent illustration of trade unity within the Empire is furnished by the arrangement between the Cooperative Wholesale Society of Great Britain and the Cooperative Wheat Pool of Western Australia. The former is an old-established society with large financial resources. The Western Australian wheat pool is a voluntary pool under government auspices, but without state financial aid, holding some twenty million bushels of wheat. The British society is to finance the wheat pool. An advance payment of three and a half shillings a bushel is to be made before the wheat leaves the farm. The importing society handles the shipping. Up to the present, wheat pools in the Dominions have operated under financial difficulties. But if large financial concerns in Great Britain ally themselves with the Dominion wheat pools, the wheat growers of the United States and Argentina may face a bearish atmosphere when they offer their next crop of wheat on the markets of Europe."

This arrangement would be impossible without co-operation on both sides. We hope to see it extended to Canada.

WHO'S ENGLISH?

Dean Inge, of St. Paul's, London, as quoted in Monday's despatches, says, "Canada and Australia contains Can-

adians and Australians, who regard themselves as such and not as Englishmen." The Dean doesn't require to go so far from London for examples. We have heard that in Scotland, Ireland and Wales, people exist who object to being called Englishmen. At the same time they are proud to be called Britishers.

The foundations of St. Paul's are said to be in need of repair. It would seem that the Inges would also stand examination. One of them, at least, is rusty.

Yule

Some of Mr. and Mrs. T. Enevoldsen's friends spent Saturday evening, February 28th, at Collin's home, where Mr. and Mrs. Enevoldsen are at present residing. The young folks presented Mr. and Mrs. Enevoldsen with a beautiful crystal bowl and six silver glasses. The young people were entertained with games and music, afterwards refreshments were served.

Last week Stebbins and Stouts sent a shipment of turkeys.

On Tuesday, March 18th, a party was given at D. Macdonald's home, in honor of an old friend, Mr. Macdonald, who has been visiting here. The evening was spent in dancing, music being furnished by Miss J. MacMillan, Mr. A. Wilson, Mr. Grant, and Mr. Macdonald. A delicious lunch was served at midnight.

Mr. Paul Green is selling, in the Yule district, tickets on a mare and colt, which Mr. Fred Danforth is donating to the Craigieburn School, to obtain money to purchase a piano for the school.

Mrs. Leo, Des Jardine's brother, Joe and mother, Mrs. Goggin, have made a trip from their home in eastern Canada to visit Mrs. L. Des Jardine here in sunny Alberta.

Mr. and Mrs. L. Des Jardine are to be congratulated on the arrival of a little daughter on March 7th.

Mrs. W. Macdonald returned home the latter part of last week from Sunnyside, where she was visiting her mother-in-law.

Mr. J. Chaurand returned home from Montreal, where he has been spending the winter, on the two o'clock train on Wednesday morning, March 11th.

Tudor

Tudor Literary Society held their last meeting of the season on Friday, March 6th, and jointly, with the C.F.W.A. had the pleasure of listening to Miss McMillan, from the Women's Service Bureau, Edmonton. Miss McMillan's subject dealt with "The place of music and poetry in our daily lives," which was listened to by an appreciative audience. The Women's Home Bureau service is under Mr. Geo. Hoadley's Dept., and provides a splendid service to all women's organizations.

The Tudor Hall Association is at present cutting another of its eye teeth—look out.

We have all been looking for a Spring Petrel, but instead got a Stormy Petrel.

Mrs. Harkin, of Edmonton, is spending the next two months with her daughter, Mrs. W. O. Payne.

The U.F.W.A. will meet at the home of Miss Day on Wednesday, March 18th.

Don't fail to see the play "Grumpy," on March 27th, by the Tudor Dramatic Society.

Carseland

Don Good arrived home from his winter vacation last Thursday.

The U.F.A. meeting to have been held last Saturday was postponed on account of the Chas. Chiswick sale and will be held on Saturday, March 21st. Much important business has accumulated, and a good attendance is requested.

Mrs. Frank Nash got home last week from her old home in D.C.

The P. B. Club held their annual meeting last Thursday. Much business was done. Officers were elected as follows: President, Mrs. Allan, Vice-president, Mrs. Gardner, Treasurer, Mrs. Ed. Nelson. Committees were also appointed. Enough things were brought in to pack one box for the Junior Red Cross. Other donations may be made this week until Thursday evening.

The school is busy with the Easter Exercises.

Mr. D. A. Phillips is taking travel. Baseball fans will hold a meeting next Saturday evening. All interested are urged to be present. The energetic new President is right out after anything for the benefit of the club. May the coming season's ball be so successful and well supported at the last.

Mr. and Mrs. Wilson, who have been visiting their daughter, Mrs. R. A. Hixon, since before Christmas, have so fallen in love with the country that they have decided to stay, provided they can find a desirable position on the farm.

The Ladies Aid will meet at the home of Mrs. J. Nelson on Thursday. There is much talk and a great deal of guessing about a certain mysterious tea to be held in the near future by the C.G.T. Girls.

The Church has recently been decorated on the inside and looks like a new place. Great credit is due to the Ladies Aid for this work.

Bob Thomson and family will soon move to their new home up north. About the only indication of spring we have had yet is the return of those who have been fortunate enough to take winter vacations.

Don't forget "The Vicar of Wakefield" for the benefit of the Social Library Society, on March 27th.

The Joint U.F.A. and F.W.A. meeting that was to have been held at the home of Mr. and Mrs. Alfred Anderson, on Friday evening, March 27th, will be held on the following Saturday evening. The postponement being necessary to allow the school a free evening for the entertainment.

Irricana

A Shetland pony has made its appearance in town; the property of Miss Margery and Mr. Bobbie Stott.

Mr. Gordon Cadman returned to Carleton after a week's holiday at Mr. Elliott's farm.

James Boyd, who has had the Linday farm rented for the past three years, is moving to the farm known as the Kirkwood farm, in the Yankee Valley.

Mr. and Mrs. Stone spent the week end in Calgary.

Mrs. J. W. McCollister entertained a number of immediate friends of Mr. and Mrs. A. Archibald on the reunion of their joint birthdays, on Friday evening.

The members of the local Masonic Order, with their wives and sweethearts, enjoyed very thoroughly, a pleasant "At Home," held in the hall on Thursday evening. A Calgary orchestra furnished the music for the dance, and an excellent supper was provided at the hotel. Brother W. G. Naylor did splendid service in the capacity of Master of Ceremonies.

Get your spring requirements of stove coal at the Supply Store before the roads break up. \$1.25 per ton, f.a.b. cars.

Mr. A. Carlson has returned from a trip to Chicago and Seattle. Mr. Carlson informs us that the boys on the other side are still able to raise the edge in spite of financial straits.

Mr. Billy Elliott, local stock buyer, shipped two car loads of cattle and one hog wagon during the week. Stockyard statistics show Mr. Elliott has become one of the largest and one of the most reliable shippers in the province.

Mrs. Fred Davis is enjoying a few days holiday in the city.

Mr. D. Howell returned from Los Angeles on Friday, and reports very cold weather prevailed throughout the state of California during the winter months, and fruit trees have suffered severely.

The schools have reopened after a mild attack of scarlet fever, contracted by some of the children.

Mennonites at

Namaka Farm

Several families of Mennonites have recently arrived at the Namaka farm, and as many more will arrive shortly. They intend to engage in mixed farming, and will milk 100 head or cows this summer.

They are reported to be a progressive class of people, and modern in dress and appearance.

Every member of the colony at Namaka is enthusiastic with the idea of owning a farm by himself," said Mr. David C. Everette, vice-president of Geo. Lane & Co., when interviewed by The Albertan at the Fallis Hotel. "They are a thrifty, hard-working, good type of citizen."

"They all come from the land and each one, in accordance with Mennonite custom, has been brought up to learn some artistic occupation as well as farming. I know they will make a great success here."

Mr. Everette explained that the Mennonite church was behind the deal to a certain extent.

When they take up their abode on the farm there will be quite a Mennonite village at Namaka with a real old world atmosphere. The transaction means the breaking up of one of the largest Alberta farms. Namaka farm was bought by Geo. Lane in 1912, there being about 12,000 acres in the original purchase. Since then he has added various sections to it, especially along the Bow River. The farm is nine miles long and extends from the C.P.R. to the Bow River, while the Blackfoot River is situated to the east of it. Namaka is 42 miles south of Calgary, 10 miles south-east of Strathmore. The farm is one of the choicest farm properties in the province, and has always been a heavy wheat producer. It has its own electric farm equipment.

Who Pays Increments?

Land Transfer Case

Judgment was handed down last week by His Honour Chief Justice Harvey in the case of Dahm vs. Stinn, concerning the transfer of land purchased from the C.P.R. The point at issue was as to who was to pay the increment tax, and the decision was that the tax was payable wholly by Dahm, who, while he protects the C.P.R. from having to pay it, must also protect Stinn.

The sale price to Stinn was \$29,000, while the sale price to the C.P.R. contract with Dahm was \$17,455.91, leaving an increase of \$21,524.14 on which there would be an increment tax over and above any increment tax that might be charged on the sale by the C.P.R. to Dahm.

Mr. H. B. Bennett argued that inasmuch as the agreement between Dahm and Stinn provided that Stinn should take over the agreement between Dahm and the C.P.R., that he then became the owner of the land, and was therefore subject to all the terms of the agreement.

The judgment rules that the increment tax is payable wholly by Dahm, and while he protects the C.P.R. from having to pay, he must also protect Stinn.

The judgment rules that the increment tax is payable wholly by Dahm, and while he protects the C.P.R. from having to pay, he must also protect Stinn.

Mr. and Mrs. A. Brander and Alben, who spent the last three months in Scotland, returned on Thursday, March 12th.

Mr. Boyd McIntyre, who spent the winter in the east, has come home.

Mr. and Mrs. W. Richards left on Tuesday for Olds, where they expect to make their home. Mrs. Richards will be better remembered as Miss Mariel Dye.

Six tables of "500" were played at a very pleasant party at the home of Mr. and Mrs. Griffiths Thursday evening. The first prizes, Mr. W. Smith and Mr. C. Craig won the first prizes; Mr. W. Smith and Mrs. H. W. Jessup, special prizes for "no tricks," and Mrs. R. Dye and Mr. L. Anderson carried away the consolation prizes. A delightful lunch was served. The guests who had all come in sleighs, voted this one of the pleasantest times of the long winter.

James R. and family were Sunday visitors at the J. Brander home. Quite a number from here went to Calgary to see the "Dumbbells" the latter part of the week.

Mr. and Mrs. E. Armstrong entertained at "500" on Thursday evening. The prize winners were: Mrs. A. Sear, Mr. A. Hinkle, Mrs. W. Whitman and Mr. L. Bennett. Delicious refreshments were served, and the guests departed in the wee sma' hours.

LOCAL NOTINGS

Retailers of Alberta held a very successful convention in Calgary last week. Mr. Purcell, of Purcell's Ltd., Carseland, attended. Interesting discussions as regards peddlers, and grading, etc., took place, and the convention is evidently the beginning of a forward movement by the retailers of the province, in the direction of improved service to the public.

Quite a number of Strathmore folks took in the hockey game at Calgary between Calgary and Victoria on Saturday, and enjoyed a great game. The score below 1-1.

Don't forget the big horse sale at Strathmore Saturday.

Mr. and Mrs. Anton Plerson and Miss Eleanor Plerson have been visiting with Mr. and Mrs. O. F. Bremer, at Calgary.

Mr. R. S. Stockton, in charge of Western Low Valley Irrigation system, and Mr. G. H. Patrick, Canal Superintendent, are on their annual holidays just now, visiting across the border.

Mr. and Mrs. Harry Barker, who were married recently in Strathmore, arrived back from their honeymoon Sunday, and are visiting with the scores below 1-1.

Mr. and Mrs. R. Hornstra returned early last Sunday morning, March 15, from a very successful and enjoyable seven month's holiday in the Netherlands. They have a long list of good things to tell, but are glad to be back in Alberta again.

Jesse Chilton, from Cairns, Alberta, is visiting Mr. and Mrs. Bradbins these days.

The Junior U.F.A. held another meeting on March 14, when Mrs. E. S. Fortney gave the girls a demonstration in flower making, while the boys, in the basement, took turns at reading a book on "Alberta." The Juniors plan to hold a Mock Trial at the next meeting—the first Saturday in April.

Last Tuesday evening a farewell dinner and social was held at the hall for Mr. and Mrs. M. M. King, who are leaving for California. About one hundred of their friends were present. Mr. and Mrs. King will be greatly missed in the district, as ever since they came here in 1910 they have been always ready to assist in any matters for the betterment of the community. Mr. King has been a director of the hall ever since its commencement, and has done a whole lot toward getting the building free from debt. Mrs. King is well known for her splendid singing, and willingness to help in social affairs. The dinner and concert was an overwhelming success, and great credit is due the U.F.W.A. and others who engineered the affair.
